HTIS commonly affects those with a lack of intelligence on the "interwebz." There are many symptoms that show that a person has HTIS. Symptoms may include itchy balls, peeing vomit, crapping kittens, and listening to Fall Out Boy. It may also result when a person misspells "this."

*Shit, man. I was talking to my girlfriend online and I'm afraid to say it but... I think I have HTIS.*

THE ELITES HAVE A PROBLEM... THEY ARE GREATLY OUTNUMBERED AND PEOPLE ARE FED UP WITH THEM. Globalists Openly Admit To Population Control Agenda - And That’s A Bad Sign... | Zero Hedge
zerohedge.com/geopolitical/g...
Royalty and other rich people used to own the world’s gold. In between WWI and II they gave their gold away in return for Treaty of Versailles Bonds that were issued by the Federal Reserve Bank. 2 quadrillion worth of bonds are in the Global Debt Facility because José Rizal also represented the royal bloodline families who exchanged their gold for bonds issued by the federal reserve in the 1930’s.

As a lawyer working in the World Bank's legal department, I knew what to do with the Treaty of Versailles bonds held in the Global Debt Facility. I recorded the debt of the Federal Reserve under the Uniform Commercial Code with all of the Secretaries of State where the Federal Reserve has offices. And then I issued a notarial protest for this debt with the Universal Postal Union. https://s3.amazonaws.com/khudes/notarialprotest.pdf

Re: Case No. HQ121042156  

Dear Madam Postmaster General,

I look forward to working with the Universal Postal Union in the peaceful transition to national currencies minted from the gold in the Global Debt Facility, and to local currencies as introduced by villages and municipalities.

Sincerely,

Talk about all the cash the fed. Has been giving the banks in the last 2 weeks.

By Natalie Sherman

The US central bank has pumped more than $200bn (£160bn) into the financial system this week - the first time there's been such an intervention since 2008.

The Federal Reserve's aim was to stabilise what is usually a calm part of the market.

Interest rates in the so-called "repo market" had shot up to 10% in some cases.

Karen, please look at this article (https://fortune.com/longform/business-roundtable-ceos-corporations-purpose/), entitled, "America's CEOs Seek a New Purpose for the Corporation," published August 19, 2019. Effectively, such ideology transforms American corporations into state agencies, removes (meaningful) voting rights from shareholders, transforms shareholders of a company into shareholders of the state, and primes the pump for full blown communism and tyranny. Consider this, Johnson and Johnson is "so concerned" about what's best for the people (Americans, for instance) that an Oklahoma court found that Johnson and Johnson had intentionally played down the dangers and oversold the benefits of opioids, in that State, resulting in thousands of deaths, and then some, a lot some. It doesn't appear to me that Johnson and Johnson possess the requisite integrity to administer social programs. (See The New York Times article of August 26, 2019, entitled "Johnson & Johnson Ordered to Pay $572 Million in Landmark Opioid Trial." Facades such as this/these allow for the evil that rules this world to act with impunity, in the face of those who would otherwise stop it. ... my people are destroyed for lack of knowledge

Happy to see you working to expose the corruption in the world's financial system. The information you have given us that has been hidden for over 50 years has been a true education. Best of health

Hi Karen - For your irregular heart beat you might consider something that I have found helpful for my atrial fibrillation: selenium in tung oil and lugol's iodine - about 5-10 drops (each) per day. Here's where I found out about it: https://drsircus.com/iodine/iodine-selenium-heart-health/ Also, if you're not already, consider taking fairly high daily doses of ionic magnesium. Blessings!

666 is the name of father&son Yan Ang tagapagmana, end corruption is lost.

666 is a very important figure for precious metals in the bible. Let's go to: 2 Chronicles 9:13 “The weight of gold that came to Solomon in one year was six hundred sixty-six talents of gold.” 666 talents of gold is 22 tonnes which today is worth over $1 billion. This was the amount of gold that King Solomon received in payments and gifts. Thus 666 is a very important figure in the bible for precious metals investors rather than the inference that some think about. So follow the wise King Solomon and collect as much gold as you can afford, whether that means one gramme every month ($50) or much bigger amounts. For the very few Venezuelans who did before their money was destroyed, it saved their lives.

Read rev.14:1 666 that’s is the name father&son of God successor just still alive for the end corruption.

Look....I'm sure many of you have 40 or 60 bucks you can spare to buy a book. (when I ordered mine) The book I recommend is "The Complete Internal Revenue Code". Title 26 U.S.C. (for United States Code) is another invaluable book to own. It's usually hard bound and it's best to own one for yourself because when one goes to the Law Library to use it, it is usually NOT THERE, the clerks claim it gets taken without permission because it is not a book that is allowed to be taken out. These can be purchased through any Law Library. Everyone SHOULD OWN ONE. The older the volume the better because for years they have been tweaking here and there to tighten ed up the language to confuse the reader. Anyone who learns how to read this book is well on their way to having the knowledge no one can get in any college operating today except for whatever college
Jesuit Scholars attend. Once one understands the first three or so PAGES of the 9, 430 pages in my volume, you will KNOW that the whole income tax code is a sham and an exercise of linguistic word play. Pay attention to the footnotes. When you learn to read these books, you will know how to read the language that has kept this civilization in bondage for more than 200 years. You will also know what those brave souls have been trying to tell you for a long time but who you have likely called them conspiracy theorists or worse. It sure would help to vanquish these private corporate banking cabal (world government gang) criminals if more of you were willing to do a little homework for yourself. People like Karen cannot do it alone overnight; even her coalition needs the public to understand what they are doing and why or there will be panic and chaos if the currency reset transition is not as smooth as they are trying to make it. Everyone seems to want to know a precise date when the currency reset will take place. But these things cannot happen overnight. It took more than 200 years to bind us in a web of control for God's sake! How in Hell can it be overcome according to the schedule of those of you who haven't even TRIED TO KNOW WHAT PEOPLE LIKE ME ARE TALKING ABOUT; Haven't even done their own research so they would not ask dumb questions?? How many of you can identify the Official American Flag? It's NOT the one that is in EVERY FEDERAL COURT IN America. I don't know how to be more convincing than those sitting at the News desks dishing out lies after lies about everything. I am too Human, my outrage shows too easily at those of you who clearly have not done their homework; I am not wearing expensive clothing, I am homeless (Now. Through FRAUD. AND A CRIMINAL GOVT.) I am just an average person who had a personal run-in with the fed. reserve and up to a point, I did prevail. No one ever WINS clean with this gang of thieves because they divest you of everything you own and even turn your family and friends against you because of the disgrace of being hauled into court as one who allegedly won't pay the deficiency it concocts from your returns even if you dotted all the I's and crossed all the T's. They send a Notice of Fed. Tax Lien and take all your property before you can turn around. Well, I fought back and did secure proof that NO TAX LIEN WAS LISTED IN THE ONLY TWO PLACES ONE COULD BE LISTED. THE CAPITOL OF MY STATE AND WASHINGTON, D.C. and showed it to a State Court Judge in Ct. proceedings that should not have lasted a month but lasted a YEAR, because the creeps kept trying to move the caset to their fake private corporate fed. courts. THEN, when I secured an Order of Cancellation of the fake lien filed in fed. ct. and went to sue for damages, they could not be served because they had given fake names and addresses in their fed. ct. documents used to divest me of the use of my homestead of 41 years which was paid up ...no mortgage. Now I am homeless and considered irrelevant or worse, by many of the likes of you who want the few of us to do all the work every Human Being owes to the world he wants to live in, instead of the crime riddled one in which we DO LIVE IN.

wotsthisay • 2 days ago

the earliest i can find is on abebooks.com but that is only 1986 -

Human Earthling • 2 days ago

To wotsthisayz;-- The older book can still be useful because you can see how words and phrases are used...My copy is dated 1993. I cannot afford to buy one every year. Pay close attention to the notes and asterisks at the bottom of the page...on my book there is an asterisk denoting a Footnote, and in tiny lettering, it says:"this has not been enacted into Law " about Title 26 USC. See how sneaky? Everyone reads the larger print where supposedly 26 USC mandates that you should do this or that and the penalties are this and that....but IT HAS NOT BEEN ENACTED INTO LAW. The book is full of slight of hand such as this. Before an alert one reads the first two or three pages, they will Know that the rest of the 9 thousand, 4our hundred and thirty pages is nothing but Bull shit. I
don't have time to list all the sections that flat out tell you important things, but check out section 6001 and get a taste of the double talk...read carefully. I am almost certain you can go into any Law Library and order the book directly from where ever the Library gets them. There are sections that define exactly who is liable for an income taxation and who is not. Just know that everything the government tells us is OPPOSITE to the truth. And this is as clear as a statement can be from me. I am too old to hold teaching classes but I sure would love to be able to do so. It is so sad that so many people don't know how to understand the so called "laws" that govern them. The only Laws that SHOULD govern us is Enacted by congress Laws. But it must also be kept in mind that the US congress is NOT WORKING FOR Americans...they work for the private corporate central banking cartel that Rules the world and is called The U.S. GOVERNMENT. Pay attention always to which words are capitalized. All TOTALLY CAPITALIZED lettering means a CORPORATE entity. Between understanding what is Law and what is not law, there is an Ocean of word games to get through.

@Cynthia Rodriguez Understood. Are there news about these health problems?

She may have been poisoned or many a stroke. We must pray for her and all her family and friends because she speaks the truth.

Hello Karen, What of the slavery that has continued for the hundreds of years? I am aware that the people of the world have been forced into believing a racist hatred by controllers, that America is a failed experiment in the eyes of the "elite". After this cloudy period, much like the last nearly 400 years of trading and shuffling "human commerce" so many people are finding it hard to believe the written histories and who we really are. It seems America is starting to unravel, a Russian and Manchurian history in the west and one of European in the east. And it seems that the world over had been in the grip of what seemed to be a Greco-Roman control. I worry that the children of this world will befall to the same hardships of the past, men fall to the sword, and another reset and confusion on the nations. Things still seem rather vague, especially for the fate of the innocent who have been mislead by their nation's leaders, the normal hardworking and giving slaves of the United States of America who have been doubly duped and the nations that were taken advantage of for their countries resources. Thank You Karen and Many Blessings.

jarmyvicious • 2 days ago
@Nestor B. Aguilar I am expressing my worries that when the U.S. dollar collapses, I fear a debt will be collected upon the people that do not realize how horrible their government has been. We are put up as collateral for the debt created by the U.S. by past presidents. Many people here slave away in ignorance thinking we have real rights and sovereignty but they took it long ago. I fear for children and women of this country. The government here experiments and murders their citizens much the same way they have done worldwide. This government wants racism and divide, American people only want peace and love, the government has confused so many with false narrative media. He schools lie to the children and millions are in prisons. All I worry now is that a Heavier hand will crush what is good here. I am friends of all people. That is all....

Dear Captain O'Leary,

The private banks comprising the “network of global corporate control” described by Stefania Vitali, James B. Glattfelder, and Stefano Battiston of ETH Zurich, http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf are insolvent and are to be wound down under involuntary bankruptcy regimes of the respective jurisdictions in which they are located, all as set forth in the attached letter.

Please let me know if you have any questions.

Sincerely,
Karen Hudes  
Acting General Counsel

Captain James D. O’Leary
Defense Attaché

Dear Captain O’Leary,

General Eisenhower had foreseen that the maturity date of the Global Debt Facility, whose authorized signatory I represent as legal counsel, would require an institutional presence. That is one of the mandates of the International Bank for Reconstruction and Development and International Monetary Fund for which the Bretton Woods institutions were duly established at the end of World War II. This is regularized in paragraph 6 of the Bilateral Minesfield Breakthrough Successor Agreement.

As discussed today with Acting Defense Attaché Col. Jon W. Walker, I have informed the Joint Committee under the Treaty of Mutual Cooperation and Security between Japan and the United States of America that the impending rift with Germany, as witnessed by the unfortunate incident last October in Frankfurt, when a military helicopter buzzed the US Consulate in Frankfurt, has been duly averted. Mr. Wolfgang Struck, the authorized signatory under the Global Debt Facility, has accomplished this by placing the Treaty of Versailles Gold Bullion Certificates, with an aggregate value exceeding the quadrillions of dollars, at the disposal of the Bretton Woods institutions for the purposes of bankruptcy proceedings in the various nations in which these banks are located.

The Board of Executive Directors and the Board of Governors of the Bretton Woods Institutions are also arranging for the transition from fractional reserve fiat currencies of their membership to gold coins, leaf and aurum, minted from the gold on deposit in the Global Debt Facility, which has been deposited and held in trust for the benefit of the citizens of the Bretton Woods institutions.

Sincerely,

Karen Hudes
